

SAFETY DATA SHEET

Trade Name: Attraction bait for flies

SDS REPORT

SDS Report No: SDS2015121801
Compilation Date: Dec 18, 2015
Sample Nam: Attraction bait for flies
End Use: Fly Attractant

Composition/ Ingredient

Of the sample: See section 3 on the SDS
Service Requested: Safety Data Sheet (SDS) for the sample with submitted composition.
Summary: As per request, the contents, and formats of the SDS are prepared in accordance with Regulation (EC) No 1907/ 2006, 1272/2008, Regulation (EU) No. 2015/830 and are provided per attached.

SECTION 1: Identification of the substance/ mixture and of the company/ undertaking

1.1 Product identifier

Trade Name: Attraction bait for flies

Product Code: Data not available

Registration number: Data not available

1.2 Relevant identified uses of the substance or mixture and uses advised against on

Application of the substance/ mixture: Fly Attractant

1.3 Details of the supplier of the safety data sheet

Lazco Investments Pty Ltd

30 Sobraon St

Sunrise Beach, QLD AUSTRALIA 4567

+61 7 5302 7872

Info@binkill.com.au

SECTION 2: Hazard identification

2.1 Classification of the substance or mixture

Classification according to regulation (EC) 1270/2008

The product is not classified according to CLP Regulation.

Information concerning hazards for human and environment:

The product has not been labelled in accordance with Regulation 1272/2008.

Classification System:

The classification is according to the latest edition of Regulation 1272/2008 and extended by company and literature data.

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008: Not applicable

Hazard pictograms: Not applicable

Signal Word: Not applicable

Hazard-determining components of the labelling: Not applicable

Hazard Statements: Not applicable

Precautionary statement: Not applicable

2.3 Other hazards

Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

Section 3: Composition information on ingredients

3.1 Chemical characterisation: Mixtures

Description:

Mixture of the substances listed below with non-hazardous additions.

Ingredients	CAS No.	Conc %	TWA (mg/m ³)	STEL (mg/m ³)
Various non-hazardous ingredients	Proprietary	100%	Not set	Not set

This is a commercial product whose exact ratio of components may vary slightly. Minor quantities of other non-hazardous ingredients are also possible. The SWA TWA exposure value is the average airborne concentration of a substance when calculated over a normal 8 hour working day for a 5-day working week. The STEL (Short Term Exposure Limit) is an exposure value that may be equalled (but should not be exceeded) for no longer than 15 minutes and should not be repeated more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded, even briefly.

Section 4: First aid measures

4.1 Description of first aid measures

General advice: Consult a physician. Show this safety data sheet to the doctor in attendance.

After inhalation: Supply with fresh air.

After skin contact: Wash skin with water.

After eye contact: Rinse eyes with running water or saline. If eye irritation persists: Get medical attention.

After swallowing: Rinse out mouth with water.

4.2 Most important symptoms and effects, both accurate and delayed: No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed: No further relevant information available.

SECTION 5: Fire-fighting measures

5.1 Extinguishing media

Suitable extinguish agents: Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

5.2 Special hazard arising from the substance or mixture: No further relevant information available.

5.3 Advice for fire fighters

Protective equipment:

Wear fully protective suit.

Mouth respiratory protective device.

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment, and emergency procedures

Ensure adequate ventilation.

Avoid breathing dust.

Keep flame away.

6.2 Environmental precautions

Do not allow large quantities of the product to reach sewage system or any water course.

Inform respective authorities in case of seepage into water course or sewage system.

Do not allow to enter sewers/ surface of ground water.

6.3 Environmental Precautions

Pick up mechanically.

Dispose contaminated as waste according to item 13.

6.4 Reference to other sections:

See section 7 for information on safe handling.

See section 8 for information on personal protection equipment

See section 13 for disposal information.

Section 7: Handling & Storage

7.1 Precaution for safe handling:

Ensure adequate ventilation.

Use respiratory protective device against the effects of dust.

Do not expose under sun for long periods of time.

Keep away from sources of ignition.

Information about fire and explosion protection: Normal measures for preventive fire protection.

7.2 Conditions for safe storage. Including any non-compatibility

Requirements to be met by storerooms and receptacles:

Keep container tightly closed.

Store in a cool, dry, and well-ventilated area.

Information about storage in one common facility:

Keep away from foodstuff and flammable substance.

Keep out of reach of children.

Further information about storage conditions:

Store in a cool, dry conditions in well-ventilation receptacle.

7.3 Specific end use(s): No further relevant information available.

SECTION 8: Exposure controls/ personal protection

8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

DNELS: Data not available.

PNECs: Data not available.

Additional Information: The lists valid during the markings were used as basis.

8.2 Exposure controls:

Handle in accordance with good industrial hygiene and safety practice.

Wash hands before breaks and at end of work.

See Section 7 for information about design for technical facilities.

Personal protective equipment

Respiratory protection: Suitable respiratory protective device recommended.

Protection of hands: Protective gloves

The glove material must be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on the further marks of quality and varies from manufacturer to manufacturer. As composition, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material:

The exact break through time must be found out by the manufacturer of the protective gloves and must be observed.

Eye protection: Safety glasses**Environmental exposure controls:**

Control measures must be made in accordance with the Community environmental protection legislation.

SECTION 9: Physical and chemical properties	
9.1 Information on basic physical and chemical properties	
Appearance:	
Form	Powder
Colour	Brown
Odour	Odourless
Odour Threshold	Data not available
pH Value	
Change in condition	
Melting point/ melting range	Data not available
Boiling Point & Boiling Range	Data not available
Freezing Point	Data not available
Flash Point	Data not available
Flammability (Solid, Gas)	Data not available
Decomposition Temperature	Data not available
Self-ignition	Product is not self-igniting
Danger of explosion	Product is not explosive
Explosion limits	
Lower:	Data not available

Upper:	Data not available
Oxidizing Properties	Data not available
Vapour Pressure	Data not available
Density	Data not available
Relative density	Data not available
Vapour density	Data not available
Evaporation rate	Data not available
Solubility in/ Miscibility with	
Water	Data not available
Partition coefficient (n-octanol/water)	Data not available
Viscosity	
Dynamic	Not Applicable
Kinematic	Not Applicable
Other information	Data not available

SECTION 10: Stability and reactivity

10.1 Reactivity: No decomposition if used according to specification.

10.2 Chemical stability: Stable under recommended storage conditions.

10.3 Possibility of hazard reactions: No further relevant information available.

10.4 Conditions to avoid: No further relevant information available.

10.5 Incompatible materials: Strong acid.

10.6 Hazardous decomposition products: No further relevant information available.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity

LD/LC50 values relevant for classification: Data not available.

Skin corrosion/ irritation: Based on available data, the classification criteria are not met.

Serious eye damage/ irritation: Based on available data, the classification criteria are not met.

Respiratory or skin sensitization: Based on available data, the classification criteria are not met.

Germ cell mutagenicity: Based on available data, the classification criteria are not met.

Carcinogenicity: Based on available data, the classification criteria are not met.

Reproductive toxicity: Based on available data, the classification criteria are not met.

STOT-single exposure: Based on available data, the classification criteria are not met.

STOT-repeated exposure: Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.

SECTION 12: Ecological information

12.1 Toxicity

Aquatic toxicity: Data not available

12.2 Persistence and degradability: No further relevant information available.

12.3 Bio-accumulative potential: No further relevant information available.

12.4 Mobility in soil: No further relevant information available.

12.5 Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

12.6 Other adverse effects: No further relevant information available

12.7 Additional ecological information

General notes: Water hazard class 1 (German Regulation) (self-assessment): Slightly hazardous for water.

Do not allow large quantities of the product to reach ground water, water course or sewerage system.

SECTION 13: Disposal consideration

13.1 Waste treatment methods

Recommendation: Small quantities can be disposed together with household garbage.

Un-cleaned packaging

Recommendation: Dispose of contents/ container in according to the local/ regional/ national/ international regulations.

SECTION 14: Transport Information

UN-Number ADR, IMDG, IATA	Not applicable
UN proper shipping name ADR, IMDG, IATA	Not applicable
Transport hazard class (es) ADR, IMDG, IATA Class Label	Not applicable Not applicable
Packing group ADR, IMDG, IATA	Not applicable
Marine pollution	No

Special precautions for user	Not applicable
UN "Model Regulation"	Not applicable

SECTION 15: Regulatory information

Safety, health, and environmental regulations/ legislation specific for the substance or mixture.

MAK (German Maximum Workplace Concentration): None of the ingredients is listed.

Directive 2012/18/EU

Named dangerous substances- ANNEX 1: None of the ingredients is listed.

Seveso category: Not applicable

Qualifying quantity (ones) for the application of lower-tier requirement: Not applicable

Qualifying quantity (ones) for the application of upper-tier requirement: Not applicable

National regulations

Water hazard class: Water hazard class 1 (German Regulation) (self-assessment): Slightly hazardous for water.

Other regulations, limitations, and prohibitive regulations

SVHC Candidate list of REACH Regulation Annex XIV Authorisation (16/6/2014): None of the ingredients is listed.

REACH Regulation Annex XVII Restriction (8/5/2014): None of the ingredients is listed.

REACH Regulation Annex XIV Authorisation List (14/8/2014): None of the ingredients is listed.

Chemical safety assessment: A Chemical Safe Assessment has not been carried out.

SECTION 16: Other information

The contents and format of this SDS are in accordance with REGULATION (EC) No 1907/2006, 1272/2008 and Regulation (EU) No 2015/830.

DISCLAIMER OF LIABILITY

The information in this MSDS/SDS was obtained from sources which we believe are reliable. However, the information provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense rising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS/SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS/SDS information may not be applicable.
